FUNCTION

3D COMPASS

Deep technology around your wrist.

Scuba Dive Modes	Air, Nitrox, Gauge.
User definable Mix	2
% Oxygen in mix	21% - 99%
Decompression model (Algorithm)	Buhlmann ZHL-16 B.
Personal adjustment	Yes , 6 levels.
RDM (repetitive dives management)	Yes
Gas switch and Gas break	Yes
PO2	1,2-1,6
CNS	Yes
Altitude adjustment	Automatic.
Selectable water type	Yes
Deep Stop	Yes
Safety Stop	Yes
Safety Stop adjustmen	Yes (time and depth).
Last deco stop adjustment	Yes
Alarms	Acoustic + visual.
Dive Planner	No Deco Limit + DECO PLANNER.
Free dive mode	Yes (Standard as the others, no Algorithms).
Wireless integration	Yes (tank transmitters are optional).
Numbers of tanks that can be monitored	up to 2
Compass	3D compass, tilt-compensated up to 90° with accelerometers, 1° resolution.
Outdoor functions	Altimeter, Barometer, temperature, Weather forecast.
Pedometer sensor	Yes
Fitness Functions	Number of steps, distance, speed, calories burned.
Other special Functions	Stopwatch (Chrono), Pitch&Roll, Magmeter, Lunar phases, Alarm clock, Dual Time.
Compatible with Oxygen Analyser	Yes (Oxygen Analyser is an optional).
Backlight type	Led SuperBright.
Backlight activation mode	Duration timer, Manual On&Off, Always-On in water.
Display	100% matrix, 80x80 pixel.
Bezel material	Stainless steel.
Case Material	Composite.
Glass material	Mineral.
Battery	USB Rechargeable / Autonomy* with 1 recharge: ~ 40 hr of diving ~ 2-3 months in watch mode ~ 6-7 months in stand-by.
Logbook	~160 hr scuba (sampling rate 10 sec) ~18 hr freedive (sampling rate 1 sec) ~600 dives in freedive mode.
Max Depth	150 mt
PC/Mac Connection	USB (included).
Strap material	N.D. / extension strap included.
Updates	Yes / included interface.

* Duration battery test to be defined.
